

# P R O D U C T D I S P L A Y

W•D Flooring is pleased to offer its distributors an innovative in-store display to showcase the W•D product line. This functional, freestanding display features a sleek design with graphic impact. Easy to assemble and durable, the W•D in-store display is a marketing tool designed to bring you the most effective product presentation.

- Six foot high display consists of left and right side panels with a sturdy base and connecting top spacer, all made from 3/4" black melamine
- Top circle graphic mounted to three millimeter black PVC
- Holds ten W•D Flooring wood samples, each 26" wide x 20" high
- Limited assembly required, all tools included
